**SIR:**

**COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE**

The Notice of Allowability mailed on May 17, 2005 contains an Examiner's Statement of Reasons for Allowance.

The Statement indicates that claims 1-9 are allowable because the instant application is directed to a non-obvious improvement over the prior art (Milton et al.), but the Statement then appears to refer to specific recitations from independent claim 1 in characterizing the improvement. The Statement then indicates that "[t]his patentable distinction is included in independent claims 1, 8 and 9."

Serial No. 09/944,802

2

While some of the recitations from claim 1 may be similar to those contained in independent claims 8 and 9, the Applicant objects to the Statement to the extent that the Statement differs from the language of any of the independent claims, e.g., claims 8 and 9. In particular, the Applicant rejects any narrowing or limitations that might possibly result from such differences.

Respectfully submitted,
